

QuickStart Guide

Prepare to Teach

1. Use the [Training Preparation Checklist](#) to make a plan
2. Get IRB approval
3. Prepare [participant materials](#) such as handouts
4. Review the training. Reviewing the training will help you figure out how long it might take for your team and the supports they might need.
 - Decide the type of training you will do
 - Decide if you will do [Add-on activities](#)

Teach

1. Watch the videos or read the training
2. Review the Main Ideas
3. Do the Discussion Questions and Learning Activities

Certify

- If you are doing a training that includes certification:
1. Review the [certification process](#)
 2. [Do certification](#). Provide prompts and support.
 3. [Generate certificates](#)
 4. Share certificates with community research partners
